PROFILE STATEMENT

I am an aspiring electrical engineer and I have a passion for programming

I am looking for a remotely job in field of electrical circuit design and programming.

SKILLS

- Reserve Engineering.
- Cad star.
- Python & C++.
- MATLAB & Preutos.
- QT.
- MS Office.

Languages

- Arabic – native.
- English – excellent.

Work Experience

Electrical Engineer (Oct 2019 - Current)

Research center - Lattakia, Syria

- Design electrical circuits & Electronic components.
- Simulate circuits with Preutos & MATLAB.
- Reserve Engineering to circuits and projects.
- Leading a team on various projects
- Programming microcontrollers (PIC, Arduino, AVR)

Freelancer (Feb 2018 - Current)

Remotely from home

- Python & C++ scripts and projects.
- MATLAB Simulink & Preutos.
- Translate with Subtitle Edite.

EDUCATION

Bachelor's: Electrical power engineering

Tishreen university | Lattakia, Syria

Graduation Date: August 2017
